A high quality technologically advanced low cost manual press, ideal for most users. The swing head operation gives a perfect view of the transfer & garment allowing accurate & easy application, along with safety of operation. Fitted with our unique advanced computerised controller to accurately monitor both temperature & time. Pressure adjustment is by a fingertip control knob making this machine ideal for both light and heavy pressure requirements.

The Beta Mini is a manually operated heat presses for transfer printing and material fusing. They are ideal for medium volume production.

The work areas of the Beta Mini is: 15 x 15 ins (38 x 38 cm) but machines may have, to special order, optional smaller sized interchangeable worktables of any size and various shapes within these table sizes.

The Beta Mini has the option of four printbed areas, to give you the perfect transfer.

Sizes

15.3cm x 15.3cm

20.5cm x 20.5cm

25.4cm x 25.4cm

30.5cm x 30.5cm

Specifications

European Machine

Power Consumption	1800 Watts
Power Supply	230-240 Volts AC
Working temperature	70-230°C
Display Timer Range	0 - 9.59 mins
Machine height open	65 cms
Machine height closed	35 cms
Machine width	51 cms
Machine width, loading	92 cms
Machine depth	89 cms
Machine depth, loading	108 cms
Work area required	95 x 92 x 64 cms
Weight export packed	52 kg
Size export packed	91(L) x 62(W) x 42 cms(H)
Net weight	39.5 kg
Press pad dimensions	38 x 38 cms
Fuses	10 A
A-weighted noise level	<70 dB(A)

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

APPEARANCE**Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

OPERATORS MANUAL**Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

SERVICE - PARTS**Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

ACCESSORIES**Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

CONTACT**Contact**

We are always here to help.

**QUALITY
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
