**Designed for the application of transfers** to all types of small garments, the Beta Pocket features our renowned Digital Controller for the accurate pre-selection of both time and temperature.

**The Position of the base platen is adjustable.**

**The Beta Pocket Press** is a manually operated heat press for printing onto pockets and similar small items. This simple robust machine is powered by a micro-processor for control of both heat and dwell accuracy and ease of operation and requires minimal operating space.

**The work area of the Beta Pocket Press** is 10 x 8 cms (3.9 x 3.2 ins).

**The Beta Pocket Press** is produced in two sizes and two versions, nominally 230-240 Volts AC for the 'European' market and nominally 120 Volts AC for the 'American' market.

### Specifications

### European Machine

Power Consumption	500 Watts
Power Supply	230-240 Volts AC
Working temperature	70-235°C
Display Timer Range	0 - 9.59 mins
Machine height open	80 cms
Machine height closed	43 cms
Machine width	28 cms
Machine depth	52 cms
Work area required	28 x 47 x 73 cms
Weight export packed	18 kg
Size export packed	57(L) x 34(W) x 51 cms(H)
Net weight	15 kg
Press pad dimensions	10 x 8 cms or 8 x 6.5 cms
Fuses	3.15 A
A-weighted noise level	<70 dB(A)

Email: [service@aadkins.com](mailto:service@aadkins.com), [sales@aadkins.com](mailto:sales@aadkins.com) • Web: [www.aadkins.com](http://www.aadkins.com)**DIGITAL CONTROLS****Digital Controls**

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES  
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

**APPEARANCE****Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

**OPERATORS MANUAL****Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

**SERVICE - PARTS****Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

**ACCESSORIES****Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

**CONTACT****Contact**

We are always here to help.

**QUALITY  
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
