It is the versatility of the Studio Auto Clam Senior Press that makes this machine so popular.

The automatic release mechanism will ease the production flow for the customer with high volume, whilst the clam action design of the machine will appeal to customers with low to medium volume production too!

The Studio Auto Clam Senior Press has an easy to use microprocessor controller for time and temperature accuracy, together with fingertip pressure control.

The Studio Auto Clam Senior Press has a work area of 40 x 50 cms (15.75 x 19.7 ins) and is produced in two versions, nominally 220 Volts for the European market and 110 Volts for the American market.

Specifications

European Machine

Power consumption	1750 Watts
Power supply	230 Volts AC
Maximum working temperature	218°C
Display timer range	0 - 9999 secs
Machine height open	87 cms
Machine height closed	43 cms
Machine width	50 cms
Machine depth	67 cms
Weight export packed	44.5 kg
Size export packed	81(L) x 52(W) x 49 cms(H)
Net weight	40 kg
Press pad dimensions	40 x 50 cms
Fuses	13 A (3 pin plug only)

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

APPEARANCE**Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

OPERATORS MANUAL**Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

SERVICE - PARTS**Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

ACCESSORIES**Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

CONTACT**Contact**

We are always here to help.

**QUALITY
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
